60121 Ancona – Via della Montagnola 81

Dipartimento Geriatrico ad Indirizzo Chirurgico

U.O.C. UROLOGIA

Responsabile: Dr. Marco Dellabella

PATIENT PREPARATION FOR BLADDER ULTRASOUND SCAN

- 1. Bring with you ultrasound scans performed previously and all the documentation concerning the examination (flowmetries, medical charts)**
- 2. You are required to take a full bladder for this exam. Drink 1 litre of water 1 hour before the exam and do not empty your bladder**
- 3. Bring with you the GP (General Practitioner) referral for a bladder ultrasound scan**

Remind that the time of the booking is merely approximate and it may not always coincide with that of the execution of the exam.

This is because clinical urgencies, technical and organizational problems may cause delays in the work schedule.

In case you are not able to present yourself, please inform the regional booking centre at the number 800 098 798
